

## 4-H Volunteer Leaders' Series

# Looking at Our Club

 Consumer Sciences  
 Specialist

This sheet will help you take a quick look at your club program. The general factors listed on the left will stimulate discussion of specific things that caused either your positive or negative feelings. From this discussion, you will be able to decide which things you want to change and which you want to do over again.

Place a check in the box that best describes the situation in your club. After everyone on the planning committee has had a chance to fill in this sheet, the group should discuss the responses.
