### SINGLE SIGNON: Making http://\*.UAEX.EDU a Trusted Site

---

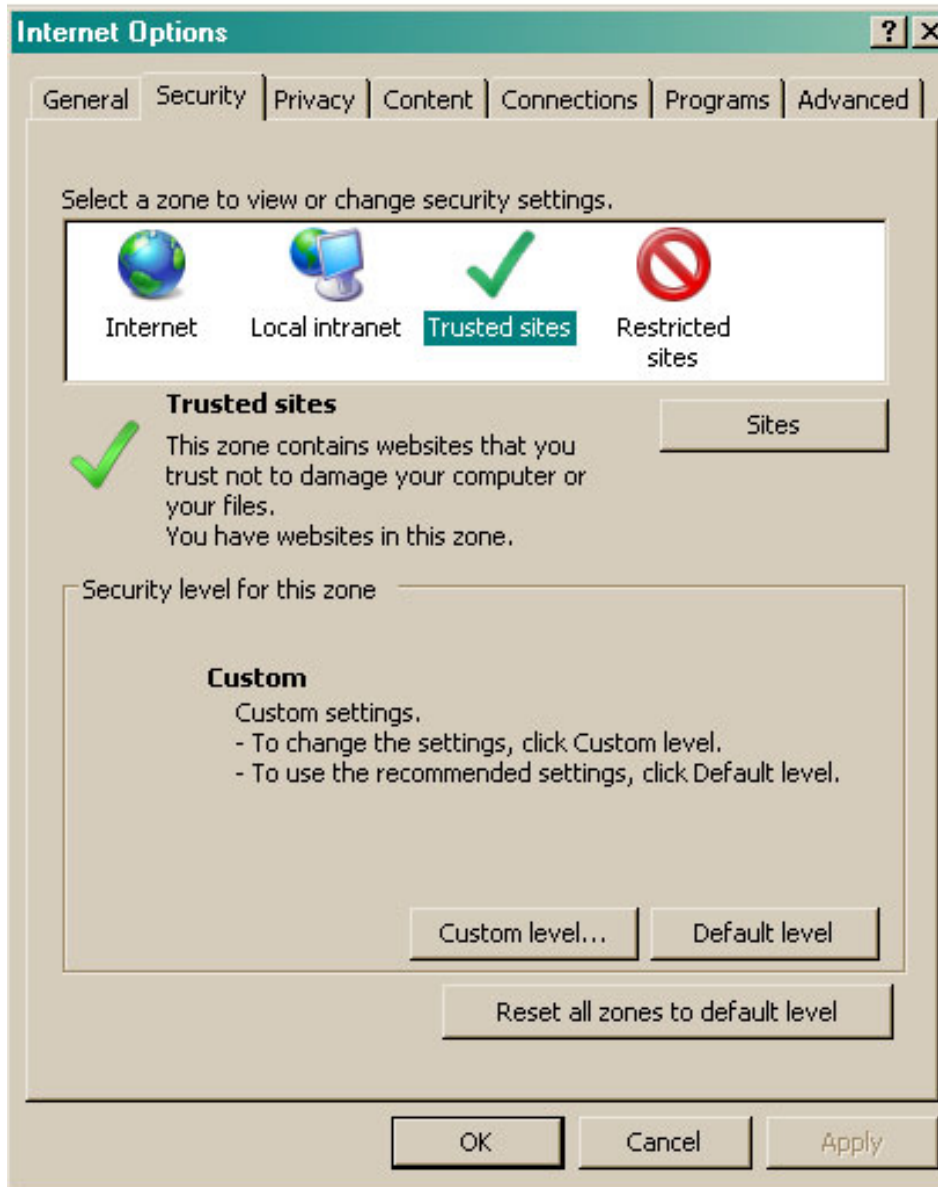

In order for parts of the new SPOT to work properly and smoothly, it is necessary for UAEX.EDU to become a trusted site. In other words, it tells your browser it is okay to pass information between programs stored on the Extension website.

Please follow these steps:

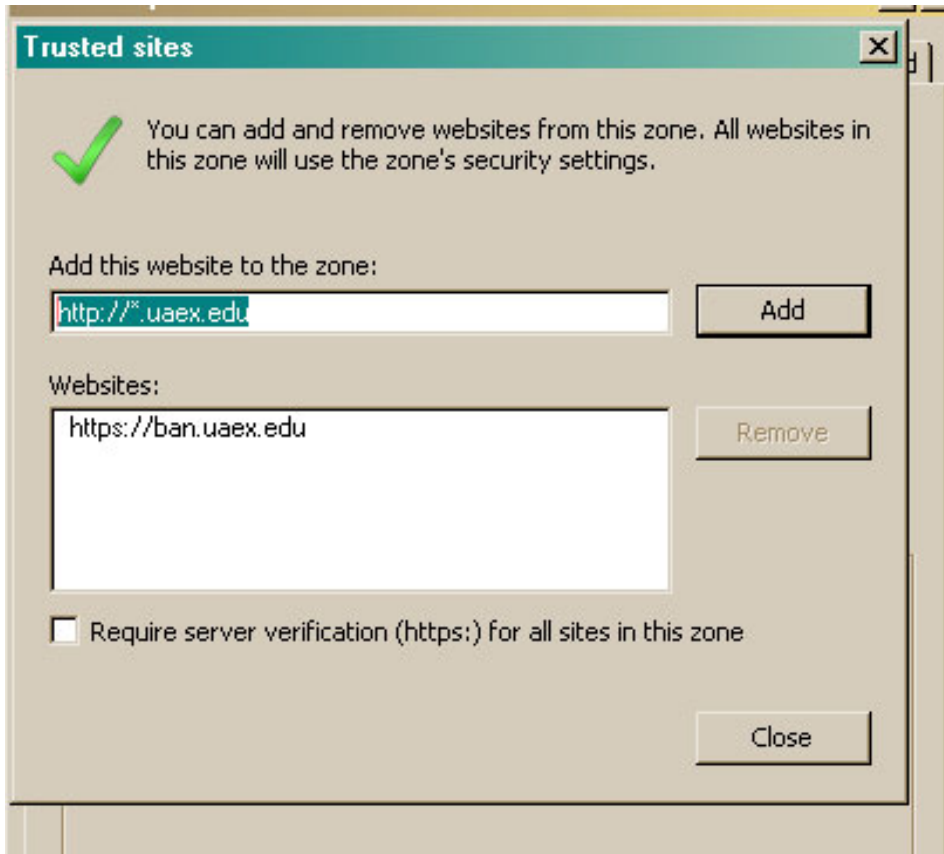

1. Open Internet Explorer.
2. Select Tools and then Internet Options

3. Select the Security Tab, select Trusted Sites in the box, and choose the Sites button.

4. Type in **http://\*.uaex.edu** if it does not already appear in your list of trusted sites. Make sure the “Require server verification (https) for all sites in this zone” is **NOT** checked. Select the **Add** button.

5. Select Close and OK. You're finished.
