

Filling Your Extension Toolkit: Review Activities

5Ws: Who, What, When Where and Why

This is a quick plan of action to help ensure learners apply new ideas/concepts. Pass out an index card to each participant. Ask them to write down one new concept they have learned. Then ask them to answer how, what when, where, who, and why they will use the idea.

Each person shares their card with the group. The facilitator can also ask the participant to add unanswered questions or concerns to applying their concepts. The facilitator does not answer the question right then, but instead gathers the questions and addresses together or add them to a parking lot.

Required Materials Facilitation Tips

- Index cards
- Remember, you only have 15 minutes. So, quickly introduce the exercise and get started. You may want to give an example.
- The facilitator should listen carefully to the ideas shared, summarize at the end and/or make connections.
