County Council Completes Community Service Project

by *Daniel Phillips, Reporter*

On Friday night, May 2, approximately 20 Logan County 4-Hers from five different clubs gathered on the Paris High School football field to help with Relay for Life. David and Alisha were also there to help us with this project. 4-Hers led an extensive scavenger hunt with prizes for all participants. After that, 4-H members led games, including "Octopus & Seaweed" and "Sasquatch Killer." Everyone seemed to have a good time and the event coordinators thanked us for livening up the evening. Afterwards 4-Hers enjoyed the climbing wall, guitar hero and Karaoke (even Alisha sang!). Thanks to everyone who led games, donated prizes and pitched in to make our community service project a success!

Fruit Station Field Day

The Fruit Station Field Day on Tuesday, June 24 is a great opportunity for 4-H families to learn about a variety of horticulture topics including fruit production and use. There will be activities for the whole family including kid's activities and a celebration of the 4-H Centennial. A free lunch will be served.

A Fruit Dessert contest for youth 10–19 and adults will be held. There is no entry fee; however, pre-registration is required by Friday, June 20. Contact the office, for more information and to register.
