Stand Up and Speak Out Against Bullying

Introduction

The purpose of this lesson plan is to raise awareness of bullying for students in Kindergarten – 5th grade. Students will have a clear understanding of what bullying is, what it looks like, and how it affects other students. Learning how to respect differences, cooperate, share, and understand other kids’ feelings can reduce bullying behaviors now and in later years. Kids who are taught to respect themselves and others at an early age are less likely to become bullies. The following lessons and discussion questions will help your students identify bullying and differentiate it from other behaviors.

Lesson Objectives

1. Students will learn what bullying is.
2. Students will know the different forms of bullying.
3. Students will know that being bullied makes people feel bad.

The Arkansas Cooperative Extension Service offers its programs to all eligible persons regardless of race, color, sex, gender identity, sexual orientation, national origin, religion, age, disability, marital or veteran status, genetic information, or any other legally protected status, and is an Affirmative Action/Equal Opportunity Employer. The publication/project is paid for with a combination of state and federal funds through the Division of Child Care and Early Childhood Education.
