Thank you for choosing to be a part of this class. Please contact me if you have questions or if there is a way for us to make your SEEK experience better.

WHATS IT ALL ABOUT?

Formally called Nature Mapping, this class focuses on improving teamwork skills, leadership development, learning outdoor skills, studying native wildlife, their habitats, and how they survive.

EXPERTS IN THEIR FIELDS

Students will benefit from receiving instruction from expert guest speakers.

BE PREPARED

Each week we will spend a good part of the day outside. Students should come dressed for the elements.

INSTRUCTOR
