**FROM THE DIRECTOR**

In many ways, it seems as though January 2012 just started, and yet, here we are about to end the year.

Much has happened in 2012. We have witnessed a weather pattern of extremes, including an extended drought, which continues, along with unseasonably mild temperatures, as we move into the final month of this year.

Have a great holiday, and return safely and ready to work together as we begin 2013.

— Tony Windham

**An improved Online Employment System is coming**

In 2006, Cooperative Extension began using an online employment system called PeopleAdmin. While this system has been instrumental in documenting and streamlining our hiring process, the technology for our current version is somewhat outdated, so we will update it in January 2013, offering a revised platform, a new look and easier navigation for the applicant and the Extension user.

Human Resources will hold training sessions in January and February to prepare Extension users for the update. We encourage all administrators, department heads and those who frequently participate in the online hiring process to attend a training session.

We apologize for any inconvenience this upgrade might cause, but we are confident that the new system will be more useful and powerful.

*The web addresses will not be changing for either the applicant or Extension user site.*

New features include:

- Easier navigation and updated look
- New ad-hoc reporting and keyword search tools available to all users
- New bookmarking tools and self-service features available to all users
- New hiring proposal feature that will streamline the selection and hiring process
- Applicants will be able to refer job postings to others with a new “share” feature
- Improved ADA compliance

*For questions or additional details on the implementation, please call Jill Lambert, Employment Manager at 501-671-2149.*
Entrepreneurs complete Operation JumpStart Training

On November 8, five entrepreneurs from Izard, Fulton and Sharp counties graduated from Operation JumpStart, a small business training program.

County agents and staff from the three counties partnered with Ozarka College to organize the program. Staff from Community and Economic Development facilitated the course.

Additional funding and support were provided by Arkansas Women’s Business Center, Winrock International, U.S. Small Business Administration and the Delta Regional Authority. Local experts were brought in as guest speakers to help expand the support network for participants.

During the six-week program, participants applied what they learned to develop a feasibility plan for their business idea. They developed skills in business planning, market research, financial management, marketing and other aspects of starting and running a business.

Participants unanimously rated the course as excellent. Becoming familiar with other resources and tools available was one of the biggest benefits of the course cited by participants. In addition, evaluation results showed participants gained a greater understanding of what Extension does across all four program areas and plan to utilize their county offices more extensively.

Samy Sadaka publishes five papers

Samy Sadaka, assistant professor and Extension engineer, biosystems, has kept two professional journals busy in 2012, writing and publishing five papers from his research in agricultural engineering.

His most recent piece, along with an earlier paper, was published in Biofuels, Bioproducts and Biorefining, a peer reviewed online journal. He is listed along with two co-authors in the Nov.-Dec. 2012 issue.

He also published three articles in the Journal of American Society of Agricultural and Biological Engineers based upon his research.
Meet the new employees!

Mary Jane Cody
County Extension Agent - Family and Consumer Sciences
Perry County

• What’s your background?
  My background includes almost 20 combined years of experience with the Arkansas Department of Health WIC Program and National Park Community College’s Early Childhood Program.

• What knowledge, skills and experience are you bringing to Extension?
  Knowledge of public health nutrition, extensive work as a lactation consultant, and five years as director of the Early Childhood Program at NPCC.

• What are one or two things you would like your colleagues to know about you?
  I’ve lived in ten states, but I am thankful to call Arkansas home.

• What would you like to accomplish your first year with Extension?
  Discover the best way I can serve the residents of Perry County.

• What brought you to Extension? What was it about Extension that you value?
  Since graduating from the University of Arkansas, it has always been my heart’s desire to work in Extension. I value the fact that we as Extension faculty can serve our communities through education to empower individuals and families to be the best they can be.

• What are your interests or hobbies outside of work?
  Time with my husband, children and grandchildren; gardening and canning in the summer; fishing; and following the Razorbacks!

Lauren Copeland
Program Technician - Health
LRSO

• What’s your background?
  I’m originally from Paragould in Greene County. I have a bachelor’s degree in Health Promotion from Arkansas State University, but I also have some background in 4-H, agriculture education and livestock production. I showed sheep and swine for 12 years as a 4-H’er, and I was a state 4-H officer.

• What knowledge, skills and experience are you bringing to Extension?
  I have very diverse knowledge and skills in areas related to health, education and animal science.

• What are one or two things you would like your colleagues to know about you?
  I am pretty easy to get along with, I like to try and make everything fun, and I don’t mind getting a little dirty to get the job done.

• What would you like to accomplish your first year with Extension?
  I would like to meet all the FCS agents throughout the state, and I want to learn as much as I can about the current and upcoming health promotion/education programs. I would also like to go back to school to start work on my master’s degree.

• What brought you to Extension? What was it about Extension that you value?
  I was in 4-H for 12 years, and I always enjoyed working with our county agents on my livestock projects, community service projects and O-Rama competitions and teams. Working with Extension always felt like the right career choice for me, and I’m so glad to be here.

• What are your interests or hobbies outside of work?
  I like to read and hang out with my family and friends.
Marie Golden  
Program Assistant - SNAPEd  
Van Buren County

• **What's your background?**  
  I graduated from Clinton High, attended North Arkansas Community College in Harrison, and have substituted at Clinton schools Pre-K through 12.

• **What knowledge, skills and experience are you bringing to Extension?**  
  As well as being a mom to two wonderful children, I have had many years of working one on one with children and find that I learn new things every day.

• **What are one or two things you would like your colleagues to know about you?**  
  I am a mom with two children in 4-H, as well, and they have had a wonderful time. I have had fun watching and learning with them. I am looking forward to getting to know and working with not just everyone in this county but everywhere.

• **What would you like to accomplish your first year with Extension?**  
  I would like to get at least one new club started.

• **What are your interests or hobbies outside of work?**  
  I like anything outdoors at any time of the year, but fall is probably my favorite time to get out and do things with my girls.

Shannon Mashburn  
Administrative Specialist II  
LRSO

• **What’s your background?**  
  After PROUDLY serving my country in the U.S. Army as a Combat Medic, I took a position as a purchasing agent and materials manager until I was in a near-fatal car accident in 2002. I decided to begin college and became a stay-at-home mom when my first son was born September 2003. I worked from home as a medical and legal transcriptionist and volunteered with numerous organizations, including Special Olympics and several clothing and food ministries. While working with 4-H, I plan on pursuing my teaching degree.

• **What knowledge, skills and experience are you bringing to Extension?**  
  I enjoy working with people of all ages, and I have a passion for resolving conflicts and using common interests to bring people together.

• **What are one or two things you would like your colleagues to know about you?**  
  I can talk and listen at the same time, and if you think I should learn about any programs offered, I would love to, so please forward the information to me!

• **What would you like to accomplish your first year with Extension?**  
  I would like to start an after-school program at my son's school and raise awareness of all the benefits 4-H clubs have to offer.

• **What brought you to Extension? What was it about Extension that you value?**  
  This position started out with me applying to “just another” state job. When I learned of all the programs and camps offered by 4-H, and how involved in the community we are, I felt like I was going to be a part of a family. I cannot wait to introduce my two boys to 4-H and community involvement. We are particularly excited to work with Operation Military Kids.

• **What are your interests or hobbies outside of work?**  
  I enjoy reading, hiking, and playing board games with my two boys, Matthew (9) and Isaac (6). We enjoy supporting and encouraging others. One of the things we do is compete to see how many people we can make smile, and I just realized we have never figured out who “won.”
Kimberly M. Sanders  
4-H Program Assistant  
Crittenden County

• **What’s your background?**  
  I graduated from Mid South Community College with an Associate of Arts General Studies and am a student at University of Central Arkansas majoring in Health Science Addiction Studies.

• **What knowledge, skills and experience are you bringing to Extension?**  
  I am all for youth development. I am ready and willing to get these kids on the path to a brighter future. I can relate, and I have the passion and patience for working with youth.

• **What are one or two things you would like your colleagues to know about you?**  
  I love working with the youth, and I try my best to stay organized.

• **What would you like to accomplish your first year with Extension?**  
  I would like to have been to all schools and all grade levels in Crittenden County, informing students and teachers about 4-H, have an after school program in most of the schools and have over 10 clubs with so many volunteer leaders each club will have more than enough.

• **What brought you to Extension? What was it about Extension that you value?**  
  I valued the fact that it provided some positive development for the kids.

• **What are your interests or hobbies outside of work?**  
  I am a mother of three so I am always busy with them and their extracurricular activities. I love to shop for clothes, decorate my home, dance and play cards.

---

**Benefits Corner**

**Use It or Lose It? No…Donate!**

**Annual Leave** must be earned before it can be taken with approval from the appropriate supervisor. Annual leave is cumulative; however, no employee may have an accumulation in excess of 240 hours (30 days) on December 31 of each year. During the calendar year, accrued leave may exceed 30 days, but those days in excess of 30 will be lost if not used before December 31 of each year.

**Sick leave** must be earned before it is taken and may be taken for the illness or injury of the employee or an immediate family member; the death or serious illness of the employee’s immediate family member; medical, dental or optical treatment for the employee or an immediate family member. Sick leave is cumulative up to a total maximum of 960 hours (120 days).

**What can you do with unused, accrued leave? Donate it!**

Catastrophic Leave Bank annual open enrollment runs through December 31. Donations are made in one-hour increments. If the donation of leave would reduce your combined annual and sick leave balance to less than 80 hours, you are not allowed to donate. If you wish to donate, please complete form EBEN-103.
