There is currently a lot of action and planning going on for Master Gardeners, both locally and across the State. Thanks to all who are doing so much to make our plans and projects so successful. Please look the newsletter over and participate in those activities that you can. Something to ponder and enjoy. When is the last time you read this poem? Did you memorize it in high school?

TREES

I THINK that I shall never see
A poem lovely as a tree.
A tree whose hungry mouth is prest
Against the earth's sweet flowing breast;
A tree that looks at God all day,
And lifts her leafy arms to pray;
A tree that may in Summer wear
A nest of robins in her hair;
Upon whose bosom snow has lain;
Who intimately lives with rain.
Poems are made by fools like me,
But only God can make a tree.
by: Joyce Kilmer (1886-1918)

See you around the garden, Ken

SEPTEMBER 22, 2013 - FIRST DAY OF AUTUMN

The “dog days of summer” are almost over, and this month will usher in the first day of fall. When we (the Master Gardeners) hear the word Fall - three things come to our mind. They include working at the Garland County Fair in the Horticulture Building and the Kitchen; our Fall Plant Sale (see Hilde’s article in the newsletter) and last but not least our Fall Social in October. Gaye will be providing more information on this very soon.

Happy Fall Days to you from the Newsletter Staff… .......Caroline Davis, Linda Doherty, Jennetta Sanders, and Rita Monsen.
I have lived in Arkansas all my life and I can't remember ever having nicer weather in August than we’re having right now. I know Master Gardeners have enjoyed it also. We had our third vegetable forum of the year held at Lyn Newton's residence. It was great fun and extremely informative. I really enjoyed them all, and hope we can expand this next year with even more. Thanks Lyn for having us over. Monday afternoons have been fun visiting with our interns and familiarizing them with the day-to-day operations of the extension office and the way our staff handles everything. If you are an intern that has not done this yet or a Master Gardener that would like to spend an afternoon at the office contact myself or Lin Johnson and we will set it up for you.

September is a great time of year with the fair(s) and fall approaching so hopefully you can get out and enjoy all that is going on with the Master Gardener group.

This photo, submitted by Dianne Hardin, is a picture of a bush in her neighbor’s yard. She sent it in for input from our Experts.
Answer #1: Originally I had guessed that it was a Limelight Hydrangea, but seeing a larger photo am not as sure because you cannot tell if the yellow at the end of the branches are flowers. The very thick leafing may throw off my first guess, but I have to stick with that answer because without a leaf, it is hard to definitely identify.

I have a Little Limelight and it is just now blooming which is one thing very nice about the Limelight is a late bloom. Ruth

Answer #2: Cannot tell what it is from this picture. If we had a picture of a leaf, it would help. So I have to say, I don't know.

Heidi Haskins

Answer #3: Without seeing a leaf I can't identify it.

Yvonne

To Our “Experts”: Points will not be given for this photo. We did try to get a close up picture of the leaf of this bush/shrub – but did not get a reply. Thanks for your input and all your research you do each month. Your expertise is deeply appreciated. Carolyn

CHANGES FOR COMMITTEE CHAIRS:

Young Gardeners of Garland County Fountain Lake Chair: Sue Tanner
Xeriscape HS: Co-chairs Dani Kew & Lindy Holmes

Garland County Fair Horticulture Competition
Entry time: Monday, September 9 from 8 a.m. until 6 p.m.
Categories include: Potted plant, single variety (max 3 entries)
                      Potted plant, mixed varieties (max 3 entries)
                      Hanging baskets
                      Dried floral arrangements
                      Fresh floral arrangements
                      Individual cut flowers (large- one stem, small-3 stems)
                      Small vegetables (plate of 5)
                      Medium vegetables (plate of 3)
                      Large vegetables (plate of 1)
                      Dried seeds (20 seeds)
                      Fresh cut herbs (5 stems)
                      Nuts (plate of 5)
                      Eggs (plate of 3)

The rules: Entrants must be residents of Garland County or a member of a Garland County club

Entries must be grown by the exhibitor and free of artificial enhancement and free of insects or disease.

Where appropriate exhibitor should display in a clear vase.

Judging is Tuesday, September 10.

Plants will be removed Sunday, September 15 from 2-4 p.m.

For questions contact Mary Tom Taylor 262-9855 or Judy Preuitt 915-8495

We had great participation last year and had many wonderful plants to display - we're looking forward to see all YOUR plants! Many, many thanks for all your efforts!!!
Paint flower pots with Rustoleum's "Glow in the Dark" paint. Absorbs sunlight by day & glows at night!!! Great landscape and gardening idea!

Get Your Fall Garden Going

These 13 vegetables love cold weather and can be started in August/September:

- Brussels Sprouts
- Asparagus
- Kale
- Broccoli
- Spinach
- Beets
- Cauliflower
- Chard
- Carrots
- Cabbage
- Collards
- Onions
- Turnips

EXTENSION OFFICE

Bill Staton and several Master Gardeners began the installation of a low pressure water system with the purpose of watering the plants in the various beds at the Garland County Extension Office. Bill walked us through the process. He taught creative and realistic ways to install a system for multiple plant beds and how to make it adaptable to home use. It was a hands on project, and everyone took part from unwinding the hoses to measuring the distance between each sprinkler. Having a watering system will definitely enhance the growth of the plants and grasses in the various beds. Stop by and see the great job we did. Thank you Bill, for sharing your time and expertise. Thanks to all who helped with this much needed project. James Moore, Jr. - Chair

Photographer: Glenn Worsham
FARMERS MARKET/TRIANGLE

This hardy group of Master Gardeners met at the Farmer's Market and weeded and yes the nut grass was back. Plus, the fire ants were there too. When we finished the 7 beds, we went to the Triangle and found that the mulch had really worked. We pulled a few weeds and we were done. We will be working on the 3rd Wed. of the month in September, come and join us. Thanks to these great committee members for showing up and getting the job done so quickly. Lin, Michael & Gene

![Image of Master Gardeners at Farmer's Market and Triangle]

HABITAT FOR HUMANITY

On April 9th, seventeen Master Gardeners and friends planted flowers at 2 homes on Mellerish Street. Hearty cannas, nandinas, boxwoods, dwarf Buford holly, variegated liriope, crape myrtle, daylilies, and sweet spire were planted. Bermuda sod was also laid on part of one lawn. The homes were dedicated on Saturday, August 17th. See picture for participants.

Thanks to the Master Gardeners and friends who helped us complete this project. Gene Lichliter, Chairman Evelyn Worsham

![Image of Master Gardeners at Habit for Humanity event]
THE EDUCATION COMMITTEE

BROWN BAG LUNCH: The program presented at the Garland County Library on Aug 13 was entitled GOOD BUGS/BAD BUGS AND COMPANION PLANTING. Thirty-eight people attended and learned how to use companion planting to encourage beneficial bugs, discourage bad bugs, and enhance their vegetable and flower gardens.

The next Brown Bag Lunch program is Thurs Sept 26 from 11:30-1:30 pm. GC/MG EXPO will feature 12 stations with MGs available to discuss and answer questions about their favorite or specialty area of gardening. Topics range from bees to worm composting. Bring your questions and plan to learn a lot! Diane Daniel, GC/Community Ed.

Committee

COMO SQUARE

The August work-day for Como Square was rained out.

See you in September.

Mary Ann Schnipper, Chair
HOT SPRINGS YARD OF THE MONTH

The Garland County Master Gardeners in conjunction with the Hot Springs Beautification Commission has selected the home of Cynthia and Cliff Keheley, 900 Prospect Avenue as this month's Yard of the Month. The Keheley's started their landscape seven years ago when they moved into the home. The home had foundation plantings of boxwood and wonderful, large pine and oak trees. They have lost some of the trees due to weather, but the yard still has that woodland setting with the dogwood trees, Japanese maple trees, hosta, fern and caladiums planted in the dappled sunlight. The antique brick walkway leads you to the front entrance where several large hydrangea bushes are in bloom. In addition, you will find Encore azaleas, petunias for seasonal color, and one of eleven lace leaf Japanese Maples planted there. Cynthia's secret garden is planted under the shade of large pine and oak trees with a variety of hosta, coral bells, coleus, autumn ferns, Japanese painted ferns, lilies, vinca, and begonias. She has added a bird bath, gazing ball and a garden gnome for additional interest. The antique brick pathway continues to different areas around the yard where you will find whimsical garden Gnomes, frogs and birds placed among the variegated hydrangea, yellow shrimp plants, and bright red lipstick plants.

The red Knockout roses, burning bush, and nandinas add extra fall color to the garden. A butterfly bush in full bloom with butterflies fluttering around can be seen in a sunny spot by the fountain. Several bird baths and feeders are scattered around the area with plantings of Russian sage, rosemary, ginger, dusty miller, daisies, iris, and camellia and holly bushes.

The Keheley's were presented a membership to Garvan Woodland Gardens for their help in making Hot Springs beautiful.

Shown are the homeowners Cliff and Cynthia Keheley, Kristin Mangham with Garvan Woodland Gardens, and Gaye Harper with Garland County Master Gardeners.
SMALL BUSINESS OF THE MONTH – HS

Crown Trace Villa was selected by the Garland County Master Gardeners in conjunction with the Hot Springs Beautification Commission as the small business of the month. Brad Woeppe of Woeppe Construction did the landscaping for the retirement home. The employees also helped with the landscaping, Kelci Jones and Jena Petro, along with their children, went to Gray Rock Farms to bring back the rocks that surround the flowerbeds. The colorful potted plants were all done by the employees. A row of yews have been planted along the curb and purple crape myrtles have been planted next to the building along with Red carpet roses, and variegated liriope.

The residents of the retirement home can sit under the pergola and enjoy the view of the shade gardens where hosta, hydrangea, and azaleas have been planted. Turtles, frogs and mushrooms are among the yard art that has been added to the shade garden. White crape myrtles, daisies, and coneflowers along with rose bushes border this area. The colorful pots of geraniums, ivy, petunias, and foxglove add extra interest to the garden. The flower beds have been dressed with a layer of dark mulch that really makes the plants stand out.

COURTHOUSE/POLICE MEMORIAL

On Thursday, August 8th, the Court Houses/Police Memorial Committee met on a rather warm and humid day. The beds were in really good shape for the most part, however the beds at the New Court House needed much attention. The weeds and grass had gone a bit wild, but the 15 members made it go away for the most part. The grass is having its way with the variegated liriope. We really appreciated the work and great attitude that was displayed by Wayne Patterson. Max Carter, Anne Fulbright, Ellen Majestic, Kay Skoog, Shirley Williams, Linda Doherty, Jeff Finney, Barbara Donathan, Annie Crutcher, Lin Johnson, Kahig Alesch, Charlotte Anthony, Michael Carr, and Sue Hale.

All the work is really appreciated by this faithful group. Next month we hope for some cooler weather and rain.
HSV YARD OF THE MONTH

The August selection for yard of Month is 5 Coronado Circle, home of Melinda Robertson. She moved here in 2010 from Tabernacle, New Jersey. It was selected by a volunteer committee of Garland County Master Gardeners and sponsored by the Garland County Beautification Commission. She chose her home for the awesome view of Lake Coronado. When you drive up to the house the scene is spectacular. Flowers are everywhere.

Melinda has a knack for combining trees, bushes, flowers, and vines. The colors, size, and shape all work together in harmony. The coleus are outstanding, they are large and dramatic. We saw dogwood trees, mahonia, foxglove, and begonias. So much to see and enjoy and then there was the back of the house!

There is a cart drive to the lake. This was necessary to drive the yards of soil to the flower beds below. A stream meanders its way to the lake. Along the path are benches, yard art, and more lovely flowers and bushes under a canopy of trees. We saw azaleas, persian shield, Japanese maples and so much more. A truly serene place to be.

Melinda was confronted with our rocky Arkansas soil and what will grow here. She credits friends, Bob and Bonnie Bammes for coming to the rescue. They were a great help as was The Grass Roots Meeting, which is a question and answer session prior to the Village Pines Garden Club meeting. We thank Melinda for sharing her landscaping with us.

Nominations for September 12th are now being accepted. Contact Dianne Hardin at dhardin12@yahoo.com or 915-8281 or Val Nuckels at 922-2238
HSV – BUSINESS OF THE MONTH

Faith Lutheran Memorial Garden

This very unique garden began as an idea in 1999 with some of the forward thinking members of the church and became a reality in 2001. In an attempt to simplify the garden tasks, the surrounding grounds were covered with a tan stone and edged with a larger matching stone to give it a unified look. Berms were constructed for most planting areas – incorporating small boulders and large stones for interest. Healthy and colorful perennials in those beds include ligularia “Leopard Plant”, cast iron plant, helleborus, sedge, chrysanthemums, lantana, creeping rosemary, creeping thyme, red oxalis, hostas, penstemon and liriope. Shrubs include lorepetelum, cleyera, miniature butterfly bush, althea, kerria, Japanese maples, abelia, camelia and a large variety of crape myrtles – including three ground cover type and three miniatures. There are also many dogwoods in the garden area, along with many azaleas – these provide much spring color.

You enter the garden through an entrance archway which precedes a vaulted bridge. You then follow a walkway surrounded by a variety of different plantings. On the left side, is an eight foot Chrismon of a fish made of white rock surrounded with contrasting colored rock and retained by metal edge. Behind it, on the side of the materials shed, is a 6 foot by 9 foot mural of a forest and lake scene which was created to act as a dramatic background for the fish Chrismon.

To the right of the walkway is a fern glen, a large azalea bed, as well as a striking bermed area filled with perennials. An appropriate statuary bench and stained glass stepping stones also beautify the area.
GEMS

Master Gardeners met at Garvan Woodland Gardens to tidy up the Garden of the Pine Wind and the Perry Wildflower Overlook. Recent rains have made some plants way too happy, unfortunately they are the ones we do not desire. We leveled the playing field so our "desirables" have a fighting chance. All enjoyed seeing the garden in its "summer attire" as they walked to and from the worksites. Hard to believe that in not too many weeks, it will be mum time with winter annuals to follow. Many thanks to a great GEMS team! Linda Doherty, Chair

Pictured left to right: Ross Sedler, Barb Bradstreet, Cathy Dresel, Jeff Finney, Linda Doherty, Valerie Nuckels, James Moore Jr., Sharon Seals, John Long, Wayne Patterson

Garden Therapy at The Caring Place

This month, the Garden Therapy session at the Caring Place was led by Kay Holland. The group enjoyed the project very much and were able to take their artwork home at the end of the day.

We all receive great satisfaction from our work there each month. We meet the 3rd Wed. at 1:15PM each month.

Rita Monsen, Committee Chair
FALL PLANT SALE

2013 Fall Plant Sale

Hi Master Gardeners

It's just a couple more weeks until our last fundraiser, the fall plant sale, is here. I am sure absolutely everybody knows by now that it happens at the Garland County Fairgrounds in conjunction with the Hot Springs Arts & Crafts Fair.

Set up days are Wednesday and Thursday, October 2 and 3, sale dates are Friday and Saturday from 9 to 6 PM and Sunday noon to 5 PM. The signup sheets were put out during the August general meeting and will be back out at the September meeting. So anybody who wasn't sure of their calendar will have another chance to sign up. As expected Wednesday, Thursday, and Friday AM have the most volunteers and the late afternoon Friday, Saturday and Sunday have fewer slots filled. I am confident that these time slots will be adequately covered as well. And as always, folks can always come and help any time, even if they didn't sign up at this point.

Our general information survey indicates that we will have a good mix of plants for sale. We can use just about anything you possibly have in your home or garden. The most important thing is that the plants are healthy and in good shape. Being well rooted is the most important.

We will go over final details at the September meeting. Please be sure to attend, or call or email me if you have questions or concerns.

I am looking forward to us having yet another successful and fun Master Gardener adventure.

Hilde Simmons - 501-226-5454 or hildesimmons@aol.com

CITY GREENHOUSE

We had a great turnout at the city greenhouse this month despite the hot weather. Everyone was in a good mood and worked hard. We finished everything (plus extras) that was on Daryl’s list. Once again, the city furnished donuts and coffee and answered questions. Barbara D. brought a picture of a tree planted at Lakeside School that Molly identified as a new type of red-bud called "Rising Sun". We re-potted lots of daylilies and iris, grasses and figs, and cut back coleus, schefflera and chicken gizzards. We also cleaned up lots of other things in the greenhouse. Thanks to our wonderful committee for the hard work.

Lin & Michael

Left to right back: Daryl Edwards, Barbara Donathan, Barbara Smith, Sue Tanner, Molly Baldwin, Bev Merritt, Sue Hale, Mary Ann Schnipper, Laura Young, Rick Chaney, Hilde Simmons, Henryetta Martin, Charlotte Anthony, Becky Pawelczak, Lindy Holmes, Dani Kew, Wayne Patterson.

Isaac Pannell
Dolores Quade

REMINDER TO COMMITTEE CHAIRS/CO-CHAIRS

It has been brought to our attention that there is some confusion as to where information is to be sent. If you are sending in a COMMITTEE ARTICLE AND PHOTO OF YOUR COMMITTEE – send to Rita Monsen at monsenr@ipa.net. Photos must be sent as a separate attachment in jpeg format for the newspaper to accept. You will send announcements for NL information page to Rita. Please list people in picture. Information regarding Stump the Experts and Hunt and Find are listed in the newsletter.

If anyone is sending a “special or feature article (not relating to our committees) and/or photos that do not accompany committee reports, these are sent to Patty Stranahan @ biopatty@comcast.net.

If you have any questions regarding this, contact Carolyn Davis @ cjd945@sbcglobal.net.

The Newsletter Committee

GOLD STAR to ENTERGY PARK – 1st article submitted for NL

SILVER STAR to EXTENSION OFFICE – 2nd article submitted for NL

BRONZE STAR to GEMS - 3rd article submitted for NL
