

# Construction Stormwater Management Resource Sheet

 *Know the Flow...*

## Acronyms:

**ADEQ** – Arkansas Department of Environmental Quality

**BMPs** – Best Management Practices

Practices to be used to reduce pollutants in stormwater discharges from the construction site

**EPA** – Environmental Protection Agency

**MS4** – Municipal Separate Storm Sewer System

A conveyance or system of conveyances that is:

- owned by a state, city, town, village, or other public entity that discharges to waters of the U.S.
- designed or used to collect or convey stormwater (including storm drains, pipes, ditches, etc.)
- not a combined sewer
- not part of a Publicly Owned Treatment Works (sewage treatment plant)

**NOC** – Notice of (permit) Coverage

**NOI** – Notice of Intent

**NOT** – Notice of (permit) Termination

**NPDES** – National Pollutant Discharge Elimination System

**SWPPP** – Stormwater Pollution Prevention Plan

- Identifies all potential sources of pollution which may reasonably be expected to affect the quality of stormwater discharges from the construction site
- Describes practices to be used to reduce pollutants in storm water discharges from the construction site
- Helps assure compliance with the terms and conditions of the permit (when the plan is designed for the individual site and is fully implemented)
