

General			
By Chad Norton and Chris Elkins. Several fields got planted over the past week. Rainfall tended to be spotty, ranging from none at a few locations to 1.65" in Lawrence County. Our earliest planted fields should begin to flower next week. First post-emergence herbicide applications have been made or will be soon for those earlier fields also. Refer to table below for field specific information.			
County	Variety	Stage	General Information
Arkansas - 1	Asgrow AG46X6		Received .3" rain. Planted 6-4 at 141K seeds/ac. 1.3 pt. Dual Magnum applied 6-5. Hopefully stand counts next week. Very clean from land preparation.
Arkansas - 2	Pioneer P45A29L	V5	Received 1.2" rain. Sprayed 5-30 with 32 oz. Liberty + 2 oz. Zidua, worked well. Deer pressure has eased. Should take off growing.
