

Arkansas
ROW CROP VERIFICATION

**2018-19 Wheat Research
Verification Program Update**

April 5, 2019

Update No. 8

General	By Chad Norton and Chris Elkins. Warmer temperatures are really helping with growth. All fertilizer application have been made. Disease and insect pressure remains low. Drier field conditions should help keep plants healthy and growing quickly.		
County	Variety	Feekes Stage	General Information
Ashley	Pioneer 26R41	10	Excellent growth over the past week. Flag leaf completely out. Looking good.
Greene	Pioneer 26R41	7	Excellent Growth. 3/27/19 applied 100lbs Urea. Septoria remains in the lower canopy.
