2. Tables will be set up for each person, to keep them all maintain a six foot distance.

3. Due to social distancing, classes are limited to 4 students.

All students, teachers, employees and contractors must check in each day before class/work by sanitizing hands; taking temperature with a contactless forehead scanner; then filling out a questionnaire/contact info form; and then putting on a wristband verifying that you’ve been through the check in and are not running a fever.
