Arkansas Fresh

Strawberries

History
In the early 18th century, French explorers discovered a plump, red berry cultivated by the Indians of Chile in South America. They took several plants home with them. In 1714, the Chilean berry was crossed with a wild meadow strawberry discovered in colonial Virginia. The result was a luscious strawberry similar to what we now eat.

Storage Tips
• Always remove bruised, rotted or molded berries before storing.
• Refrigerate strawberries immediately after purchase.
• Never rinse the berries or remove the caps before storing. Removing the cap early can reduce flavor, texture and nutrient quality.
• Strawberries can only be stored for a couple of days in the refrigerator. If held longer, a grey mold may develop.
• For optimal refrigeration, place berries no more than two berries deep in a shallow container or tray covered with waxed paper or plastic wrap.

Ideas With Strawberries
• Dip whole, rinsed strawberries into melted semisweet chocolate, then place on waxed paper and chill until chocolate hardens.
• Add crushed strawberries to fresh lemonade or limeade.
• Make a refreshing strawberry cooler by combining equal amounts of sliced strawberries, low-fat or fat-free yogurt and milk in a blender. Sweeten with honey to taste.

Arkansas strawberries are available from late April through the month of May.
• Select fully ripe strawberries with a natural shine, rich red color and bright green caps.
• White or pale pink berries do not become sweeter after they are picked and should not be purchased.
• Strawberries with bruises or without caps do not store well and should not be purchased.
• Twelve very large berries or 36 small berries equals a pint. One pint yields about 3¼ cups whole, 2¼ cups sliced or 1½ cups pureed berries.
• Medium-size berries are more flavorful than large berries.

For a quick breakfast, top toasted frozen pancakes or waffles with sliced strawberries and your favorite syrup.
• Stir finely chopped strawberries into softened low-fat or fat-free cream cheese and spread on bagels or toast.

1 cup sliced strawberries, unsweetened

**Fresh Strawberry Sauce**

1 pint fresh strawberries, wash and remove caps
1/2 cup sugar
1 teaspoon fresh lemon or lime juice
1/4 teaspoon vanilla extract

In a food processor, combine strawberries, sugar, lemon or lime juice and vanilla. Puree, then chill. Serve over custard, ice cream or pound cake.

**Skinny Strawberry Sandwich**

8 ounces Neufchatel cheese or low-fat cream cheese, softened
1 tablespoon honey
1 teaspoon grated lemon zest
4 English muffins, split and toasted
2 cups (about 10 ounces) sliced stemmed strawberries

In food processor, process cheese, honey and zest until well mixed, or mix in bowl with a wooden spoon. Spread 1 tablespoon cheese mixture on cut side of 1 muffin half; top with 1/4 cup strawberries. Repeat with remaining ingredients to make 8 open-faced sandwiches. Makes 4 servings. Tip: Make cheese mixture ahead and store in refrigerator.

**Tropical Smoothie**

4 cups orange juice
1 cup fresh strawberries
2 large bananas
6 ice cubes
Whole strawberries

Combine half of first four ingredients in container of electric blender, process until frothy. Pour into stemmed glasses, and garnish each with a whole strawberry. Repeat procedure with remaining ingredients. Yield: about 8 cups.
