

## **DISCLAIMER**

The listing of any product in this publication does not imply endorsement of that product or discrimination against any other product by the University of Arkansas System Division of Agriculture.

The information in this publication was current as of October 1, 2017, and applies only to Arkansas. It may not be appropriate for other states or locations.

Every effort was made to ensure accuracy, but the user of any crop protection product must read and follow the most current label on the product – *The Label is the Law*. For further assistance, contact your local office of the University of Arkansas System Division of Agriculture, Cooperative Extension Service.

## **WARNING**

Many crop protection products may be poisonous, especially in concentrated form. The United States Environmental Protection Agency has established a Poison Control System throughout the United States. Each Center can determine the toxic compounds in commercial products, respond to calls from physicians or individuals and provide supportive or antidotal treatment.
