
AT&T Wireless Employee Discount

University of Arkansas employees are eligible to receive a 15% discount on their personal cell phone plans with AT&T.

To sign up for the plan and to see what other packages are available, visit [AT&T Employee Discount](#). Click on the Register link and enter your uaex.edu email address.

You will need your Extension email address and your personal mobile number. If you have a Family Plan, you will need the lead mobile number. Please note that the wireless plan must be in the name of the employee to receive the discount.

Occasionally, when employees ask for the discount when visiting a local AT&T retail store, they are asked to provide our business Foundation Account Number, or FAN. The FAN for UAEX is 02498213.
