
Beginning Website Training Now Available in LEARN

We are happy to announce that starting now, you can enroll in the Beginning OU (OmniUpdate) training in LEARN! Watch step-by-step training videos, answer questions along the way to assess your knowledge, and to learn how to edit the website.

When searching for the class in LEARN, look for the title “Beginner Website Online Self-Paced Video Training”.

Course topics include:

- Logging in/Getting Started
- Accessibility
- Inserting Images
- Adding Links/linking to documents
- Snippets
- Calendar training
- SiteImprove

A course completion certificate is available for those who successfully complete all course requirements.
