Attached is an infographic created by KnowBe4.com showing a few good reminders on how to stay safe online, and to keep your awareness levels at the appropriate level... HIGH!

Visit their website for a breakdown of the information contained in this infographic along with their sources.

You are encouraged to share these materials with others, including your family, friends and neighbors. If you have any questions about our activities in October or suggestions on how to improve our cybersecurity efforts, please contact your CyberSecurity Team.
